PRODUCT DIMENSIONS

WARN

The plastic bag inside the package may pose a suffocation hazard, please keep it away from infants or children.
 Please follow this instruction manual to correctly install the two types of safety ropes included in the package.

DAILY MAINTENANCE

During the use of the product, please regularly check whether the fixing screws are loose. If they are loose, please tighten them in time.
 During the use of the product, please regularly check whether the safety rope has fallen off. If it has fallen off, please maintain it in time.

INSTALLATION STEPS

1. Use the hole size paper template to trace the holes onto the ceiling with a pen.
2. Cut corresponding holes in the ceiling.

3. Install the box safety rope and fix the safety rope at a suitable load-bearing position on the wall. Then thread the speaker wire through the cable entry and insert the speaker into the opening.
4. Tighten the snap screws to secure the speaker. (If using an electric drill, set it to low torque.)

3 Box safety rope hole

4

5. The terminal is connected to the speaker cable. Tie one end of the grille installation rope into one of the four safety rope holes on the back of the grille.
 Tie the other end of the grille safety rope to the safety rope pin, and then insert it into the safety rope pin hole of the speaker.
